

LOCAL UNION 1289

P.O. BOX 1690, WALL, NJ 07719

July 1, 2026

IBEW Local 1289 stands in full support of IBEW Local 614.

Dear Brothers and Sisters,

The purpose of this letter is to inform the membership that IBEW Local Union 1289 fully supports IBEW, Local Union 614 as it exercises its legal right to negotiate a fair contract and strike against PECO Electric Utility in Philadelphia, Pennsylvania, beginning July 4 at 12:01 a.m. Local 614 represents PECO workers and has been negotiating a new contract since earlier this year. Its members have been working without a contract for some time, and they have Local 1289's complete solidarity and support. My hope is that all Labor Unions will support IBEW, Local 614 especially with honoring their picket lines as they exercise their legal right to strike.

We will continue to keep the membership informed as the situation develops. Our strength as the IBEW comes from solidarity—standing together across locals, across jurisdictions, and across employers to protect wages, benefits, and dignity on the job.

Fraternally,

Jeffrey Munyan

President/Business Manager
